## PROFESSIONAL EXPERIENCE

### Frontend Developer I National Media Group, Moscow, Russia December 2020 - November 2023

Support and development of new functionality for the channel sites of CTC Media holding (**domashniy.ru**, **chetv.ru**, **ctclove.ru**) and some third-party projects, for example, the website of a film project pitching contest **pitchlab.ctcmedia.ru**. Refactoring and getting rid of legacy on projects.

#### Implemented tasks of different levels:

- user authorization
- adding a subscription to view content without ads
- complete redesign of the site
- participation in the migration of projects to another backend framework
- splitting site elements into independent widgets and optimizing their loading

The stack is used on the projects: **js** + **react** + **redux/redux toolkit** + a bit **jquery** + preprocessors (**stylus/sass**). **Laravel** on backend.

### Jr Frontend Developer I Leomax, Moscow, Russia August 2019 - December 2020

Development of a landing page for the company's products on React. Support and creation of new sections in current online shops (**jquery** + **yii**) and (**jquery** + **bitrix**).
